2.0 PURPOSE OF THIS SUPPLEMENT

This supplement is issued to indicate that the Powers Power-Stud™ + SD2 Anchors in Cracked and Uncracked Concrete described in the master report complies with the 2007 Florida Building Code—Building and the 2007 Florida Building Code—Residential, when designed and installed in accordance with the master evaluation report.

Use of the Powers Power-Stud™ + SD2 Anchors in Cracked and Uncracked Concrete described in the master evaluation report to comply with the High Velocity Hurricane Zone Provisions of the 2007 Florida Building Code—Building has not been evaluated, and is outside the scope of this supplement.

For products falling under Florida Rule 9B-72, verification that the report holder's quality assurance program is audited by a quality assurance entity approved by the Florida Building Commission for the type of inspections being conducted is the responsibility of an approved validation entity (or the code official when the report holder does not possess an approval by the Commission).

This supplement expires concurrently with the master report reissued on September 1, 2008.

***Revised June 2009**
