Brewster, NY 10509

Re: *Powers Pure GP/DEWALT Pure GP*

Dear Ms. Hinkley:

Your company submitted a formal request, dated February 15, 2017, to the Product Evaluation Board (PEB) of the Alabama Department of Transportation to seek approval for a dual listing of a product that was previously approved by our Department. The product Pure50+, assigned PEB 2957, was approved in July 2012 for addition to *List II-15, Concrete Anchoring Systems*, of the Department's List of Qualified Materials, Sources and Devices. It was stated in the letter that the Pure 50+ and Powers Pure GP/DEWALT Pure GP are identical in formulation with no chemical or physical change in the product. Powers Fasteners/DEWALT is marketing these two products under separate label names for commercial reasons.

After a review of the supporting documentation that was made available by your company, it was the decision of the PEB to approve the Powers Pure GP/DEWALT Pure GP product and dual product listing until **August 31, 2018** to allow time for your rebranding process to be completed. After August 31, 2018, only the approved DEWALT brand products will be listed.

As a requirement to remain on a list you must provide only approved products to the Department projects and promptly notify us through formal correspondence (i.e. company letter) of a company, product, and/or address name change, any changes in production of the product or alterations that may change the product chemically or physically. This will allow our listing to stay current and will prevent your product from being removed from the list due to out-of-date information or failure to adhere to the terms outlined above. In addition, we reserve the right to request samples for testing at our convenience and/or require the submittal of current test data from a certified/qualified testing laboratory for our review should the product fail to perform satisfactorily or if changes are made to the product after placement on our list.

If you have additional questions or need to notify of any changes, please contact Ms. J. Michelle Owens or Mrs. Kidada Dixon at (334) 353-6940.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Conner". The signature is written in a cursive style with a long horizontal stroke at the end.

George H. Conner, P.E.
Chairman, Product Evaluation Board

GHC/JMO/KCD
