Mr. Brian Schutz
Staff Engineer
Powers Fasteners
2 Powers Lane
Brewster, New York 10509

Ref: PE 1000+

Dear Mr. Schutz:

The request for acceptance of the referenced product on Qualified Products List (QPL) 507.03, Resin Anchoring Systems (for Installation of Dowel Bars & Tie Bars in Concrete Pavement and Extending Reinforced Concrete Box Culverts), has been reviewed. PE 1000+ complies with the requirements in the QPL and the properties of ASTM C 881 / AASHTO M 235 Type IV, Grade 3, Class B and C.

Please review the requirements of the enclosed certification agreement. A Certification Agreement with each manufacturer (or marketer for privately labeled products) must be in effect before a product can be placed on the QPL. If you agree to furnish material according to the terms stated, sign and return the original. Upon receipt of a signed copy of the certification agreement, the product will be added to the appropriate QPL. Please note that these products will require renewed certification in June 2012.

If you have questions, please contact the Materials Division at the above postal address, or phone (501) 569-2185, fax (501) 569-2368.

Sincerely,

Michael C. Benson
Materials Engineer
