Subject: **POWERS FASTENERS PURE110+**

Mr. Antoinette:

The Maine Department of Transportation's Concrete and Bridge Items Product Evaluation Committee has completed its review of the following product that was submitted by you for our consideration.

**Pure110+**

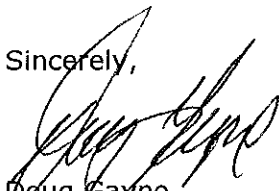

MaineDOT Reference Number 12-056

Based on the information supplied to the Department, including certified third-party test results, the Committee has pre-qualified the use of this product on MaineDOT construction and maintenance projects. This product will be added to our Qualified Products List (QPL) of Chemical Anchoring Materials in the near future. MaineDOT project personnel may require pull-out testing prior to actual use on construction projects. This product is not approved for overhead anchoring or any application where the anchors will be under constant tension.

Also, a reminder that all Chemical Anchoring products require yearly re-certification in order to remain on the QPL. Please write or call with any questions; 207-624-3268.

Thank you for your interest in doing business with MaineDOT.

Sincerely,

  
Doug Gayne  
Product Evaluation Coordinator
