Subject: Notification of Product Status
NP12-6148 Pure110+
By: Powers Fasteners, Inc.

Dear Mr. Antoinette:

The North Carolina Department of Transportation evaluated the forenamed product and assigned a status of "**Approved**" to product **NP12-6148 Pure110+**.

An "**Approved**" status does not infer the product will be used in NCDOT projects or that the products will be actively promoted by the Department. It will be your responsibility to market your product. If the product is changed for any reason, or is not performing effectively, the product status will be changed accordingly.

Additionally, you must recertify your product on an annual basis by the 31st of January. If a recertification is not received by January 31st, the product status will be changed to "VOID". Recertification Notices with detailed requirements will be sent out in December of each year. If at any time, contact information has changed, you must inform this office.

If you have questions or comments, I may be reached at 919-508-1860 or via e-mail at: lmwing@ncdot.gov. You may also contact the State Value Management Engineer, Jeff Garland, PE, PMP, at 919-508-1872 or via e-mail at: jgarland@ncdot.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Leigh M. Wing".
