Brian Schutz  
Powers Fasteners Incorporated  
2 Powers Lane  
Brewster, NY 10509

Dear Mr. Schutz:

The Nevada Department of Transportation (NDOT) reviewed the application for Powers Fasteners Incorporated's PE1000+ under the Qualified Products List (QPL) category of 728.03.02 EPOXY ANCHORING SYSTEM. The evaluator determined the product meets the Departments minimum specifications; therefore, the product will be added to the QPL under category 728.03.02.

It must be emphasized that this QPL is only used to pre-qualify products. Product approval should not be construed as a performance guaranty nor is it intended as an endorsement by NDOT. Your products will remain on the QPL as long as their performance is satisfactory. Poor performance in the field will result in suspension or removal from the QPL as per established NDOT product evaluation procedures. *NDOT evaluation procedures further require that any modification of your products or a change in manufacturer's name and address should be conveyed to the NDOT Research Division in a timely manner (defined as 30 days from action).* Failure to disclose this information may result in suspension of this approval or removal from the QPL.

Should you have any questions regarding this matter, please contact me at 775-888-7894.

Sincerely,

A handwritten signature in blue ink that reads "Roma Clewell".

Roma Clewell  
Product Evaluation Coordinator
